Jan28, Andreas rated it it was ok. Too often, our honest questions about faith. Accordingly, I ask two broad sets of questions. Not only is there the coarse structure from electrons orbiting a nucleus and fine structure from relativistic effects, the electron's spin, and the electron's quantum fluctuations but there's hyperfine structure: the interaction of the electron with the nuclear spin. Although he had never visited Eastern Europe, he had an Hungarian acquaintance named Armin Vambery who liked to spin dark and inspirational tales about the Carpathian Mountains.
